

# Rules of Elemental on Discord

EoD Moderation Team

September 2021 - June 2022

## 1 NSFW

NSFW media is **not** allowed **anywhere** on EoD (Elemental on Discord). If an element is given an NSFW image or link it will be wiped and you will no longer own the element.

NSFW **element names** are allowed to a certain extent, but purposely overdoing it is not.

Prolonged NSFW discussion is also **not** allowed.

## 2 Spam

Spamming bot commands is **not** allowed. Every Discord bot will lag if you spam commands, so we are forced to do this. Wait until the bot has responded before sending another command. This includes hints and doubling.

Spam (not commands) is allowed in spam. Anywhere else may get you muted if continued.

## 3 Discord Guidelines

You **must** follow Discord's ToS. This includes no gore, no underage sexualization (including fictional), animal abuse, giving out personal details without permission, raiding, or using user bots to spam/play. <https://discord.com/guidelines>

## 4 Respect

Slurs are **not** allowed, no exceptions. Element names **and combinations** should not be racist, sexist, homophobic, transphobic, etc..

Harassing somebody with element names or otherwise is **not** allowed.

Do not purposefully ruin the game for others. This includes *malicious* cheesing.

## 5 Alt Accounts

Alt accounts can **not** be used to vote or avoid punishments. Suspected alts will be denied access to voting, but will be kept in the server anyway. Playing otherwise on alts is okay.

## 6 Advertising

Posting server invites that nobody asked for is **not** allowed. Only post invites if it is appropriate. Additionally, invites must be relevant. Mass inviting or spamming using DMs may get you **banned**.

## 7 Botting

Using a bot to automatically play EoD is *mostly* **not** allowed. Using the Discord bot API on your basic user account could get you banned from Discord.

## 8 No committing or threatening to commit suicide

It's not allowed. American suicide hotline: 833-456-4566

to be clear: this is not a ban on asking for help, its a ban on threatening suicide to get what you want, because that is not cool. please ask for help if you need it

## 9 Drama

Creating or amplifying drama with the intent to derail community discussion will get you permanently muted or banned.
